

Dear Sam 50507
Greetings and many respects to you
long time No communication :
well I hope this letter finds you
in good spirits with a positive good
will attitude.

Injustice is what fueled 9/11
Injustice is what fueled President Bush
to declare war on the Axis of evil.
will it be the Injustice of Rogue
prosecutors sending some poor bastard
to prison for a wrongfully obtained
conviction, ignoring the truth and
advocating false misleading lies.
Fueling the poor bastard beyond
the incitement and influential pain
& injustice, that spark the inspiration
that fueled a desired choice of
Declaring war on the
Axis of the Earth.

if you put all the wrongful obtained
convictions together, like Mercury News.
com. 727 wrongful convictions posted
1-22-06. tainted trials and stolen justice
couple that with John Stoll Bruce Sans
Jeff Medval. and Eddie Knight

by the way can you put me in contact with
Reade Selighmann of Duke University lacross team
member.

and the Duke University boys
Reade Selighmann David Evans and collin Fimerty
the Evil Injustice is occurring in every
county in every state accross America.
I plead for supporters to stop
the Injustice before the Axis of
the Earth are attacked.

Great an organization and a
defence fund to set those Free
that are wrongfully convicted.

wrongfully Obtained Convictions.

Sam. please post if you support
getting the intergity of the truth in
Justice.

Congress said we do not need
another wake up call like 911
yet senators just last week vow
to Kill Bin Ladden, putting Bin Ladden
in a do or die type of situation.
even though Osama may deserve it
our constitution is more important
than a terrorist or a tyrant.
let me know ok. take care
